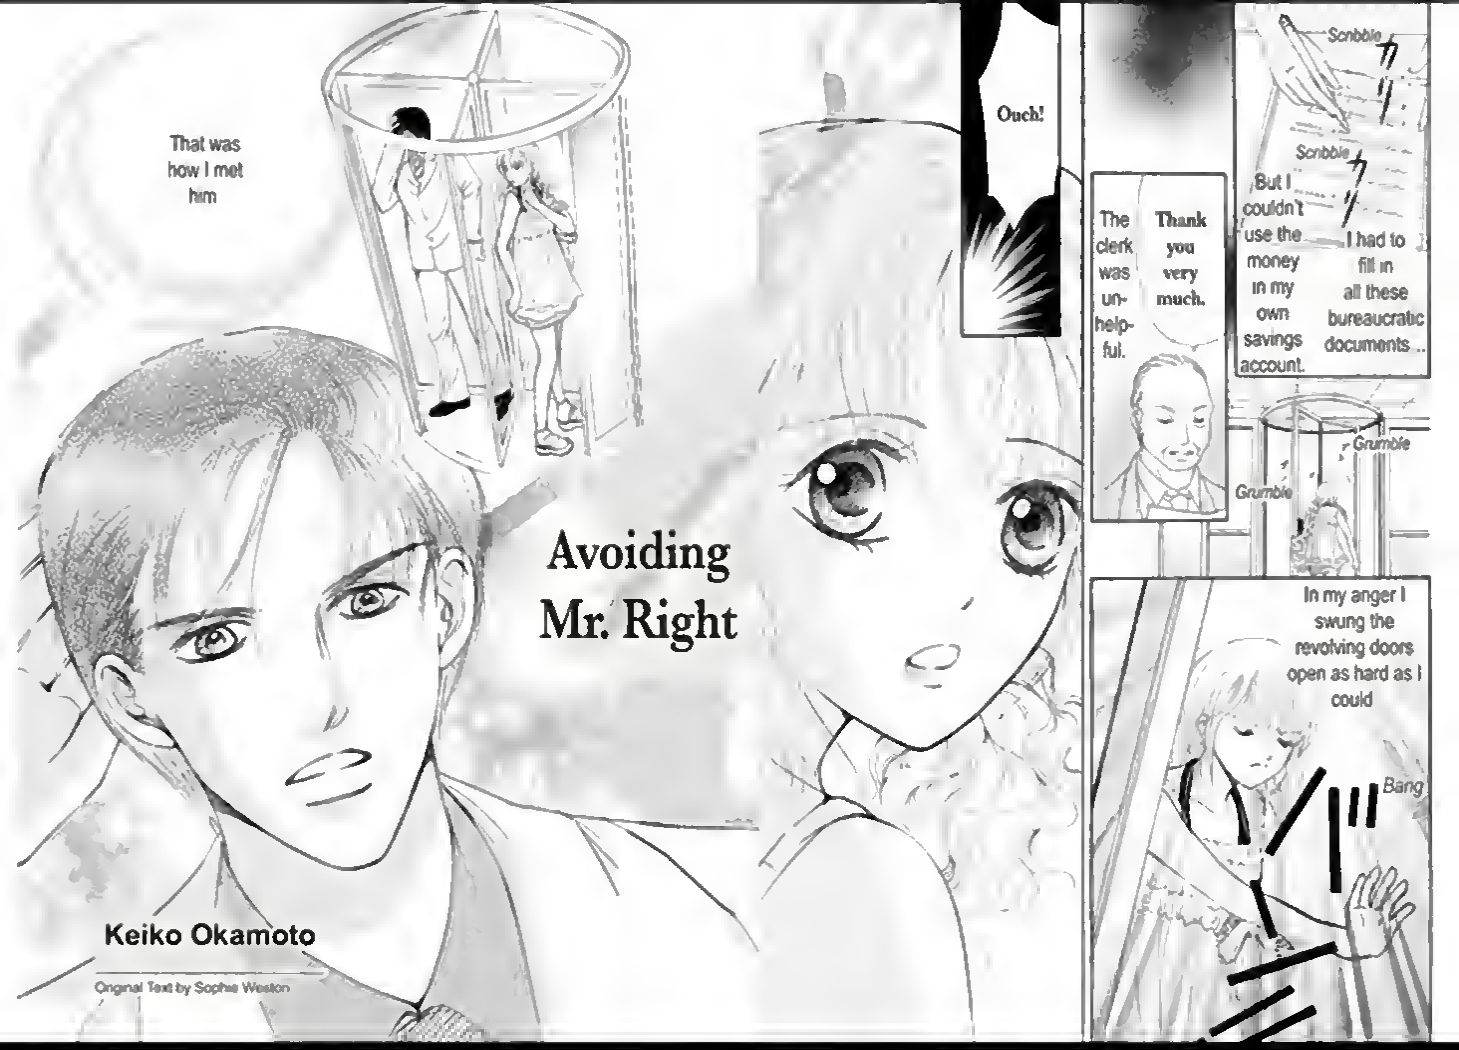
And you want me to wait 2 weeks while you do the paperwork?
I can't withdraw money?
Mumble
Hurry up!
Mumble
... Um ...
Do you want me to start the process or not, Miss Howard?
It's to protect our customers' valuable assets.
Bang
You want me to live on $20 for the next 2 weeks?
Are you serious?
The day I arrived in Athens couldn't have been worse.
I guess I have no choice.
Even though I'm not happy about this.



That was how I met him
Ouch!
Thank you very much.
The clerk was unhelpful.
Scribble
Scribble
But I couldn't use the money in my own savings account.
I had to fill in all these bureaucratic documents...
Grumble
Grumble
In my anger I swung the revolving doors open as hard as I could
Bang
Avoiding Mr. Right
Keiko Okamoto
Original Text by Sophie Weston

Don't worry about it.
Thud
Oh, he's really handsome...
I'm so sorry! Are you okay?
Yeah...
What... These bankers act totally differently to him!
Are you hurt?
Rush
Rush
I'm fine.
Master Luc Henri!
Push
Bow
Um... Well, I'm really sorry.

I don't even have the money to pay for my hotel tonight.
I wish I was rich.
He was weaning an expensive-looking silk shirt.. Must be an important customer.
Sigh
I'd kill for a really strong cup of coffee!
Oh, I'm so annoyed!
You're going to drown your sorrows in coffee?

You're that guy...
You won't make a mistake you'll regret that way.
Better than alcohol.
No...
Did I... not apologize enough?
I shouted and probably embarrassed you.
Let me buy you a coffee to make up for it.

He doesn't look like someone who would con girls
Why would he invite a girl he just met to coffee?
Thank you for the offer.
But I don't like the sweet coffee you get in Greece.
Turn
That café over there serves delicious coffee made with Colombian coffee beans.
It's the best in Athens.

ゴクリ
Gulp
Can we get 2 coffees, a croissant and a pastry, please?
ペコリ
Bow
Of course! I'll bring it over right away.
Oh! Hello, Monsieur Henri!
Luc Henn Who is this man?
I wonder if he comes here often.
He even gets respect from a café waiter... You don't see that every day

Coffee-colored skin... Black hair... A proud brow...
Perfect Greek pours from...
His cold yet sexy lips
Here we are.
Exudes a fiery masculinity.
His whole existence
The croissants here are delicious.

It'll be hard to live on only $20 for the next 2 weeks, Christina.
I think it would be wise to eat something that will make you feel full.
Oh, isn't that for you? I didn't order any.
What? How do you know about that?
And even my name!
Your voice carries.
I think everyone who worked in that bank knew about it.
Blush

Did you come to Athens as a tourist?
And the coffee smells so good.
Oh, it's delicious.
Grab it
Oh, well.
I might as well eat it
A girl like you?
A sailor?
I arrived here from London today.
No, I'm here to work. I'm a crew member on a ship.

If only the bank let me withdraw money.
I may look young but I make my own money.
I'm not a girl. I'm already 23.
I can see the world, so I love my job.
You need women on ships, too. I can cook, and do some interpreting. I can also read nautical charts.
You're an interesting girl.

I thought you were one of those erratic girls.
Girls who only think about today and not about the future...
Many young, pretty but broke girls come to Athens.

Really? You look like you're about 12 to me.

I've said it before, but I am not a little girl.
I'm not that pretty and I'm not that carefree.

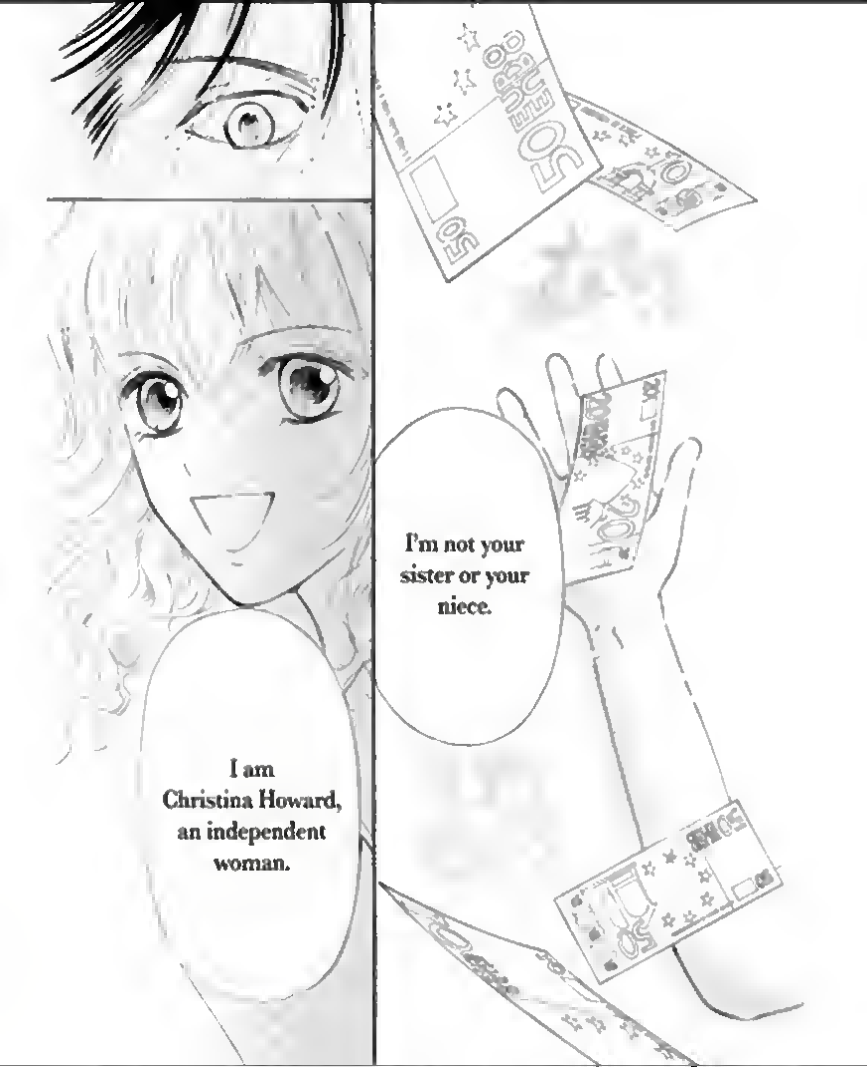
You've got some crumbs on your face.
Oh!

What?
Look, there's a mirror behind you.

Right! Now you're a beautiful girl again.
Touch
Clank
Wait, Christina.
Thanks for the coffee.
I'll be going now... I'm going to be working in Athens for a while. I better find a job.
What . What is this man?
Let me at least lend you money for a hotel for tonight.
It must be fate that we met like this.
Slip

Hmm...
You don't trust me, do you?
Lend me money!
I don't borrow money from men I don't know.
What!
I can't believe this man!
I get plenty of women without having to pay for any of them.
I'm not planning to do things to you in return for the money.
A sweet girl like you shouldn't be stubborn.
Don't worry about it. Think of me as a brother or uncle.

Don't act like my guardian.
...
Slip
Throw



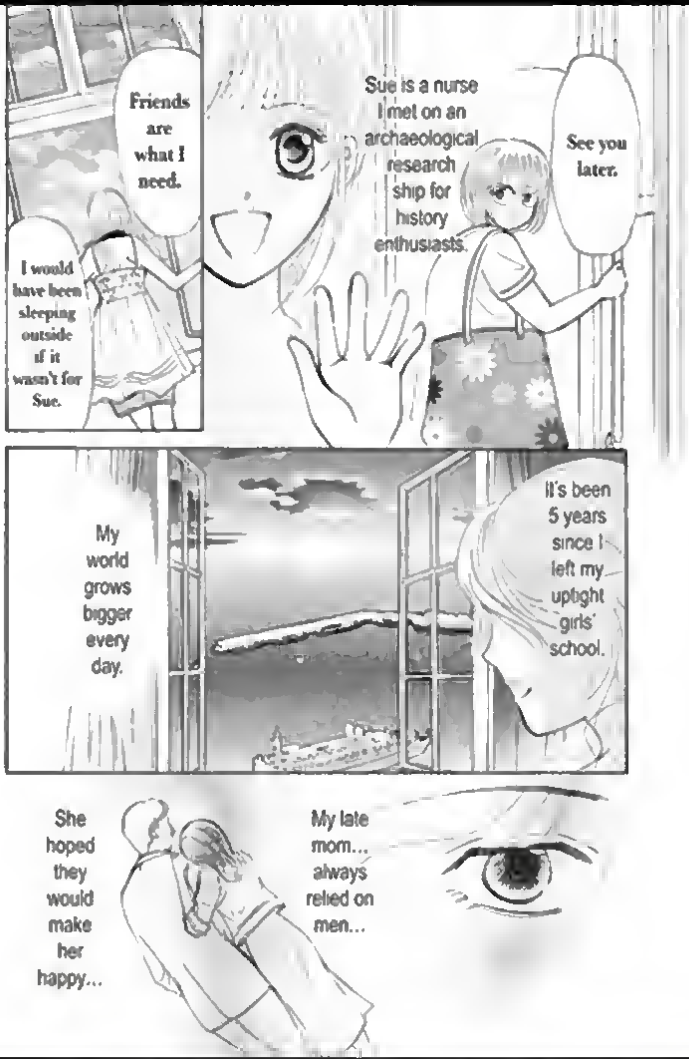
I'm not your sister or your niece.
I am Christina Howard, an independent woman.

I'll ask a friend if I could stay with her tonight.
Goodbye, Luc Henri.
Turn

Christina Howard.
Interesting ...
She's a type of girl I have never come across before.
Female crew.
Bang
What an annoying man.
He totally treated me like a child!

He treated me like an airheaded, careless little girl and tried to make me take his money so he could feel like some sort of martyr.
I've never met such a meddlesome man in my life.
I see. I see.
This Luc guy must have really been an attractive man.
Bang
Wh... Why would you say that?
Were you even listening to me?
Sure I have. You haven't stopped talking about that man since you got here.
I've never seen you like this, Christina.

Oh, Sue...
Sigh
You finally met your ideal prince!
You, who has rejected countless men in the past.
So?
Have you found anything good?
Fine, then, I'll stop talking about him. I'll get back to finding a job.
Well, I'm off to my night shift so use my room as you wish.
I hope you find more soon.
I've got a job with Captain Costa, who I've worked for before. Doing a one-day scuba-diving tour.
But it's not for a while.



Friends are what I need.
I would have been sleeping outside if it wasn't for Sue.
Sue is a nurse I met on an archaeological research ship for history enthusiasts.
See you later.
My world grows bigger every day.
It's been 5 years since I left my uptight girls' school.
She hoped they would make her happy...
My late mom... always relied on men...

She had so many lovers, but her world was so small.
But I was the only one by her bedside in the end...
I don't want to be a woman whose head is filled with romance.
I don't want a life being pushed around by men...
I need to think about work! Work!
Grrr. I'm going to stop thinking about it. I'm never going to see him again.
Did I... really...?
"You haven't stopped talking about that man since you got here."

What!
Working on a royal ship!
Oh, Captain Costa. What is it? Is the date for the tour set?
Ring Ring
No, this is about something else.
You're going to love this. It's a glamorous job.

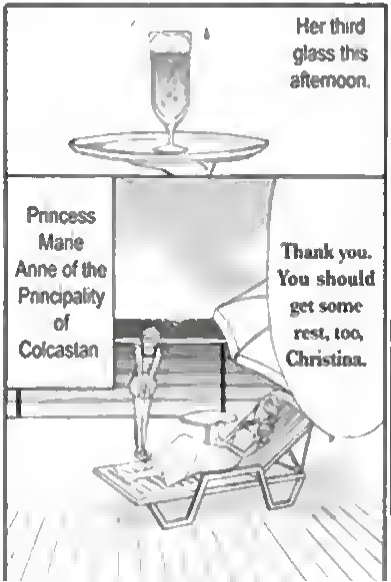
...Or...
I thought it was going to be great...
Yay! A great 3-week-long job.
Thanks for finding such a good job for me!
Today isn't the worst day–it's the best day ever!
What!
Working on a royal ship!
Ring Ring
Oh, Captain Costa. What is it? Is the date for the tour set?
No, this is about something else.
You're going to love this. It's a glamorous job.

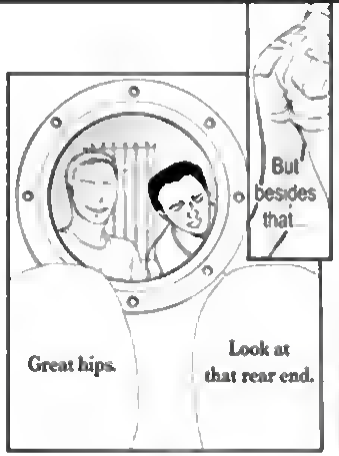
Mommy said we shouldn't play with people we don't know.
Tum
No, it's fine! Let's go.
Simon and Pru... It's been 2 days but they haven't opened up to me
People you don't know? Everyone on the ship is like family!

If you're bored, do you want to play with me?
The princess is taking a nap on the deck.
Tap Tap

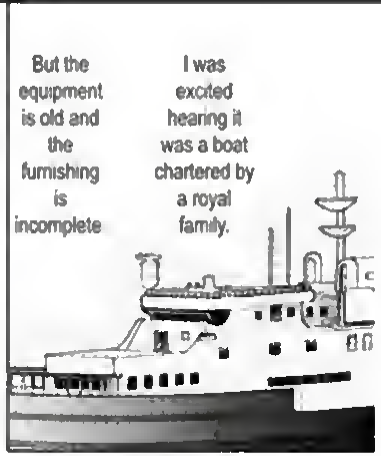


Her third glass this afternoon.
Princess Marie Anne of the Principality of Colcastan
Thank you. You should get some rest, too, Christina.

Christina, I'm thirsty. Will you bring me some champagne?
Your Majesty.



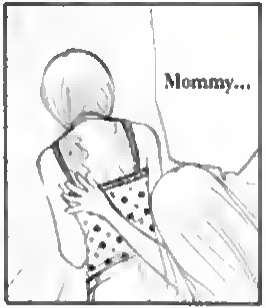
But besides that...
Great hips.
Look at that rear end.



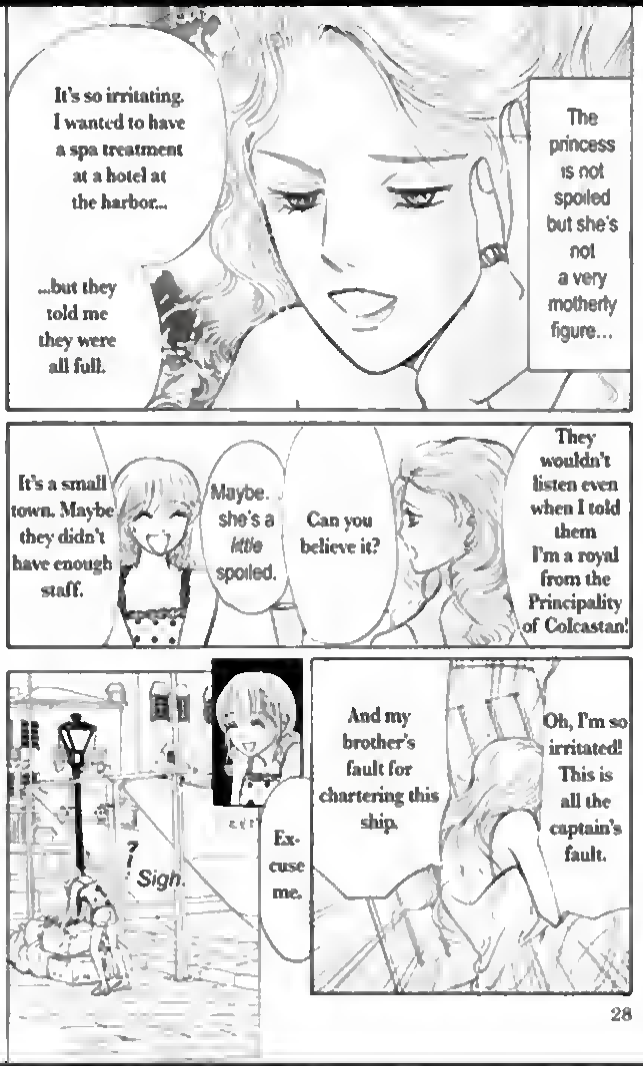
But the equipment is old and the furnishing is incomplete
I was excited hearing it was a boat chartered by a royal family.

Grrr.
The captain and crew are perverts...

Oh... The color of your hair was the same, so I thought you were Mommy.
I'm not your mommy. It's Christina.



Mommy...



It's so irritating. I wanted to have a spa treatment at a hotel at the harbor...
...but they told me they were all full.
The princess is not spoiled but she's not a very motherly figure...
It's a small town. Maybe they didn't have enough staff.
Maybe. . . she's a *little* spoiled.
Can you believe it?
They wouldn't listen even when I told them I'm a royal from the Principality of Colcastan!
Sign.
Ex-cuse me.
And my brother's fault for chartering this ship.
Oh, I'm so irritated! This is all the captain's fault.

Because the inexpenenced captain forgot to get docking permissions,
We could only stop at cargo ports and obscure locations.
Oh, I'm so annoyed!
Strong coffee?
At times like this I really need a...
I can't take this anymore...
On top of that, we finally docked at this Italian port,
But we're stuck as we seemed to have damaged another boat when docking.

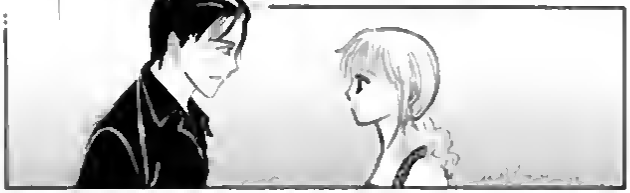
What a coincidence. We meet again, Christina.
That... voice...

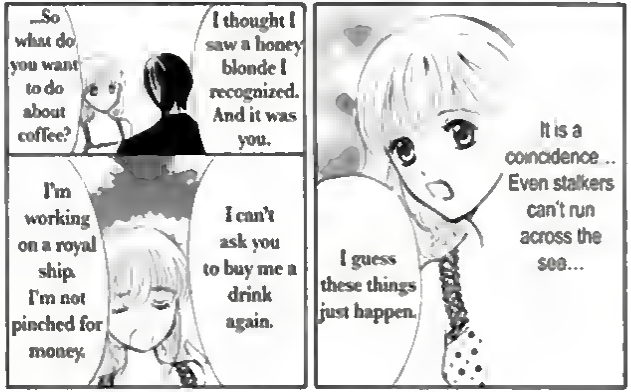
If I get to buy you a drink, I may join you.
So,

He has a beautiful bright smile...
Thanks. I'd love to.

And I was so angry at him...
I only met Luc once..
There's nowhere I can relax on that ship
I'm actually glad.

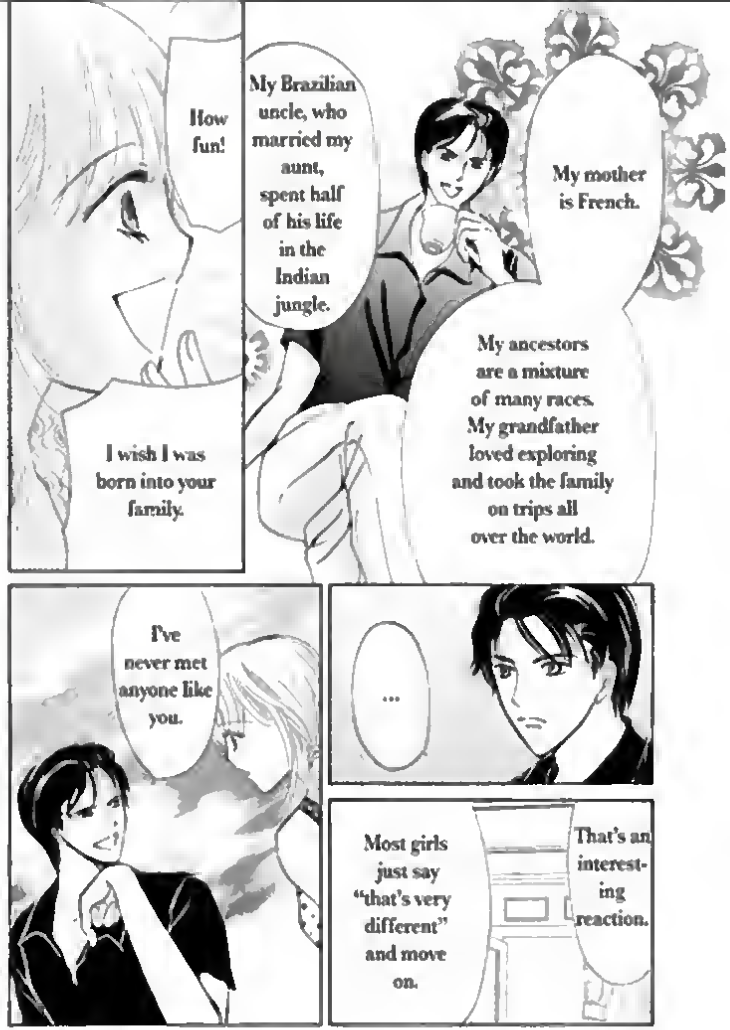
Or does it look like I followed you to make you take money off me?
As I said, what a coincidence.
How? Why are you here?





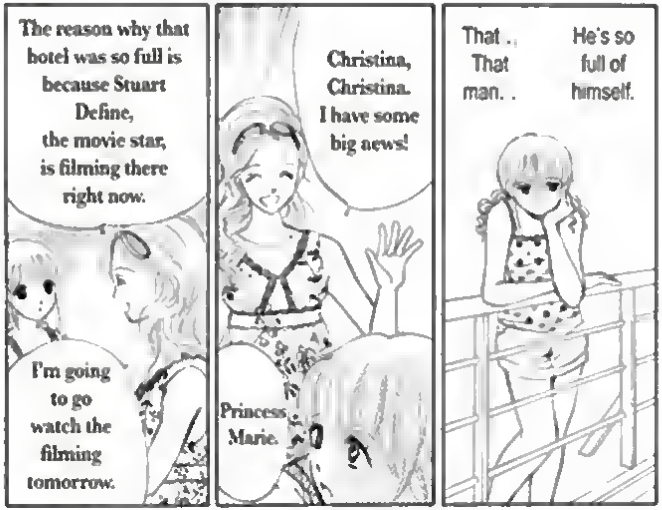
...So what do you want to do about coffee?
I thought I saw a honey blonde I recognized. And it was you.
I'm working on a royal ship. I'm not pinched for money.
I can't ask you to buy me a drink again.
I guess these things just happen.
It is a coincidence.. Even stalkers can't run across the sea...

Thud
Sweet as falling in love.
Th... Three heaps!
Sprinkle
Sprinkle
But now .. my heart is skipping
It's an old South American tradition.
Have you got a sweet tooth? If it's bitter you should add cream.
I thought you were French.
I'm surprised. You're from Brazil?
The refined way he drinks his coffee ..
And...
Coffees should be as black as night,
Hot as hell,
My Brazilian uncle often told me.

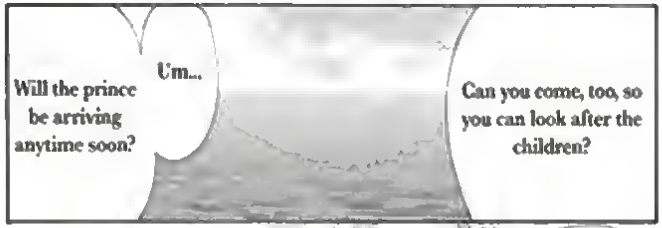


How fun!
I wish I was born into your family.
My Brazilian uncle, who married my aunt, spent half of his life in the Indian jungle.
My mother is French.
My ancestors are a mixture of many races. My grandfather loved exploring and took the family on trips all over the world.
I've never met anyone like you.
...
Most girls just say "that's very different" and move on.
That's an interesting reaction.

I don't know... My employer, the Prince of Colcastan, is meant to join us here but we can't get in touch with him.
Can I see you again? How long will you be at this port?
I... I better get back to the ship.
If that capricious prince doesn't turn up,
I can see you again?
...Then I look forward to seeing you soon.



The reason why that hotel was so full is because Stuart Define, the movie star, is filming there right now.
I'm going to go watch the filming tomorrow.
Christina, Christina. I have some big news!
Princess Marie.
That .. That man. .
He's so full of himself.



Will the prince be arriving anytime soon?
Um...
Can you come, too, so you can look after the children?

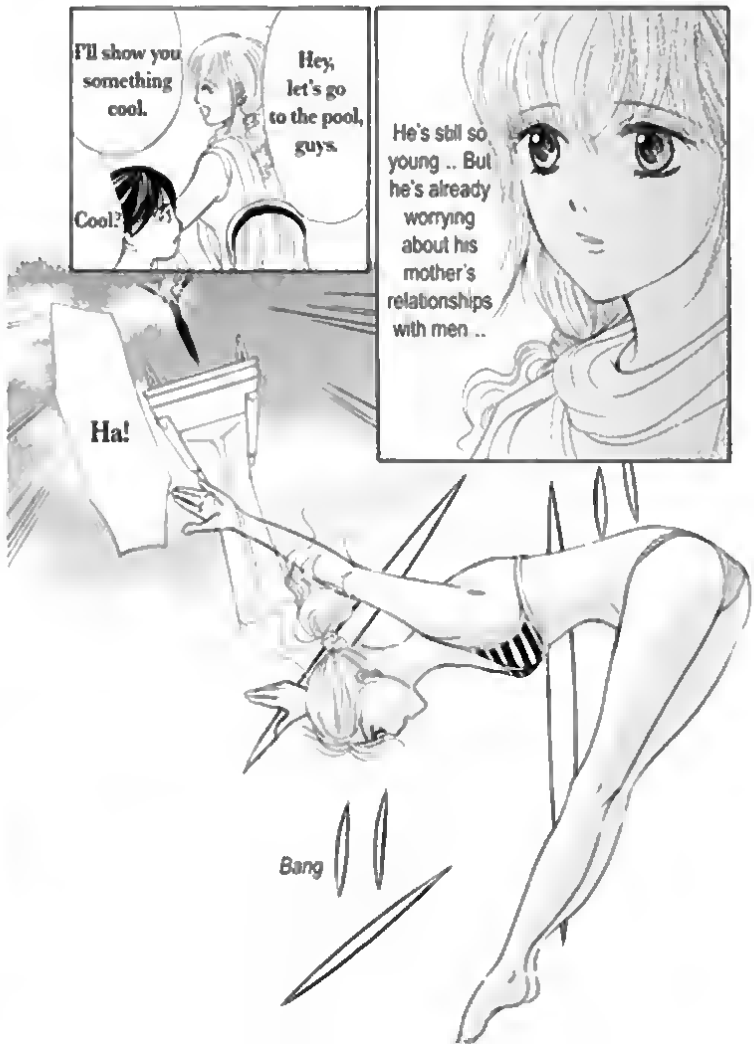
I better enjoy myself before he gets here.
Grrr
But he still nags at me.

Oh, my brother is so capricious. You can never count on him.

And we'll meet again at this port.
No, let me make a prediction. The prince won't arrive for a while.
What a show-off!
He kissed my hand.
The prince may arrive tonight and then we'll sail off.
I...I'm not promising anything.

I'm so happy. You're more handsome than you are on-screen.
I'm honored to have Her Majesty come to view the filming.
The pleasure's all mine. I'm a big fan!
I'm glad the princess is happy.
But she's acting like a schoolgirl.
The rumors didn't stop after she married. The crew were saying her marriage is on the rocks...
She was always in the papers for being a party lover even before she got married
If Daddy or Uncle Kay was here he wouldn't be allowed near my mom.
Simon.
He's not handsome!
She means well but I guess people easily mis-understand her
I can't believe that arrogant man's prediction was right...
I guess we won't be leaving for a while...
You stir my heart every time we meet?
Why is it that .
Luc. . Who are you...?
How wonderful... He looks just like he does on-screen.

Wow!
Splash
She's like a dolphin!
That's so cool, Christina.
Splash

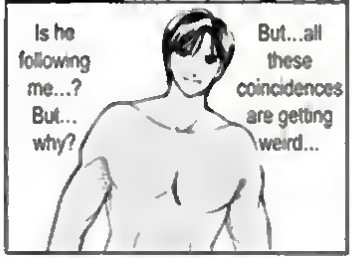


I'll show you something cool.
Hey, let's go to the pool, guys.
Cool?
He's still so young .. But he's already worrying about his mother's relationships with men ..
Ha!
Bang

Yes! Everyone's at the filming.
So I have the place all to myself!
The hotel nanny service said they'll keep an eye on them,
So I might go and swim at the private beach.
I can't swim very well.
Come on, Simon. Let's get into the pool.
That's okay. I'll teach you.
They finally called me by my name.
Splash
Splash
Oh...I guess there was someone here first.
A laptop at the beach?
Oh.!
They look like angels when they're asleep.

I can't let him know I was admiring him.
It's...a coincidence.
I guess my prediction came true after one day, Christina.

...

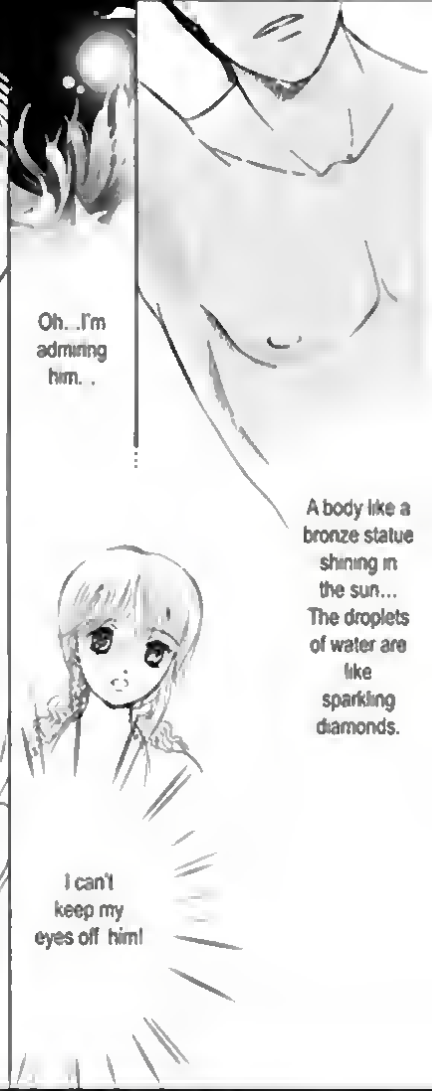


Is he following me...? But... why?
But...all these coincidences are getting weird...

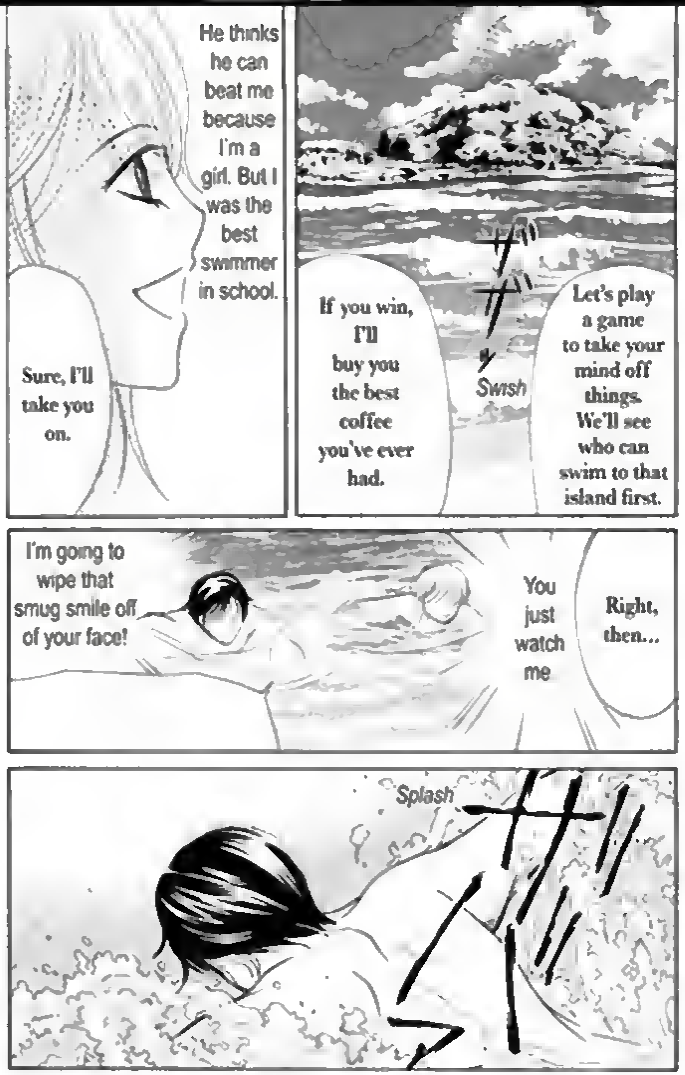
How...do you know?
Are the prince and princess asleep after all that swimming?
I'm staying at this hotel, too. I saw you at the pool earlier.

!!
He's brought a laptop to the beach...
Is he some sort of informer?

Luc!



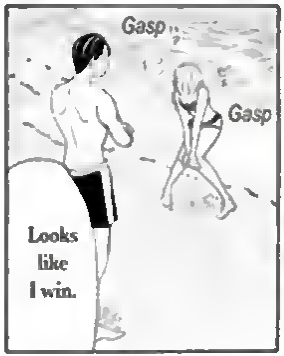
Oh...I'm admiring him. .
A body like a bronze statue shining in the sun... The droplets of water are like sparkling diamonds.
I can't keep my eyes off him!



He thinks he can beat me because I'm a girl. But I was the best swimmer in school.
Sure, I'll take you on.
If you win, I'll buy you the best coffee you've ever had.
Swish
Let's play a game to take your mind off things. We'll see who can swim to that island first.
I'm going to wipe that smug smile off of your face!
You just watch me
Right, then...
Splash

What's wrong, Christina?
Maybe Luc is a journalist snooping for a big story. Maybe he's following me because I told him I work for the Colcastan royal family...
You haven't swum even though you work on ships?
Nothing. I haven't swum in the sea for a while so I am very excited!
There are... a few issues on that ship.
That sounds hard.
I can't wear my swimsuit because the crew would leer at me...

I want you to kiss me.
What's... wrong with me?
Luc...



Gasp
Gasp
Looks like I win.

He swims at the level of an Olympic athlete!
No way!

No...
So I guess I'll be buying the coffee, then.
Fine! I'll admit defeat.

I can't say no!
It's hotter than the southern Italian sun.
Luc's kiss!
You are... an intriguing woman, Christina.
I want to know you more and more...
I experience something new every time I see you.
Touch
Christina ...

I just don't have relationships like ordinary people.
Of course I have.

Will you not open your heart to anyone?
Are you going to stick by that policy for the rest of your life?

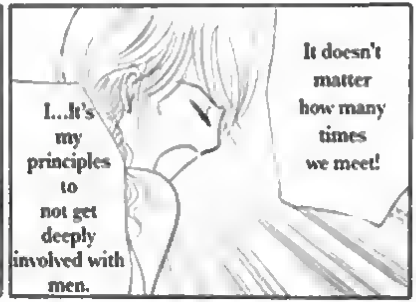
Being free and being frivolous are different things.
That's a surprise ... I thought you were a free spirit.

How many more times do I have to see you, then?
We've met 3 times already.

カア Blush
I can't! I only just met you.
パッ Push
No!

Look at me with those bright eyes...
Don't...

Never had a boyfriend before?
Have you...



I...It's my principles to not get deeply involved with men.
It doesn't matter how many times we meet!

Isn't the way you passionately kissed me back...
How you really feel inside?

There's a weird feeling I get when I think about him
Even if he's not, he's too dangerous.
No. He might be trying to get near me to get a scoop for a magazine.
It takes hold of me. I feel like I'm drowning in it

...

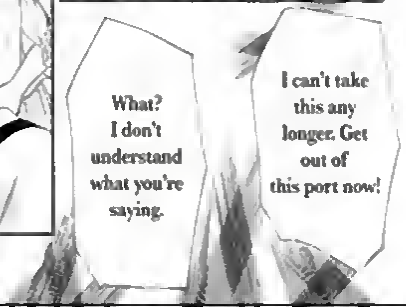
Have a look at yourself in this mirror...

Look, Christina.
Swish
The sea is sparkling like a huge mirror.

It was so fun. I'd like to go and watch tomorrow, too.

Ruh
What's the matter?
Oh! Do you understand Italian?
Rush

Oh... What's happening?

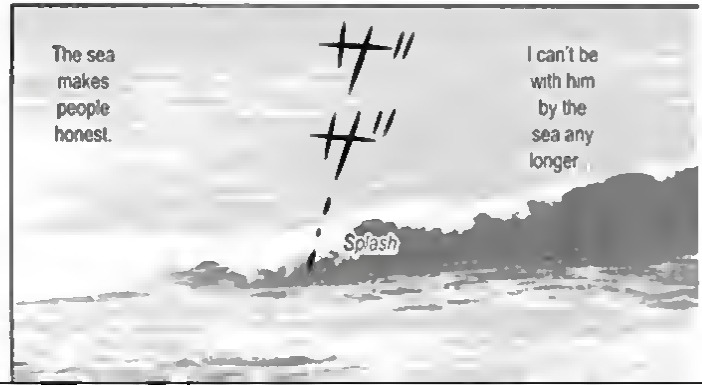


What? I don't understand what you're saying.
I can't take this any longer. Get out of this port now!

Don't flatter yourself.
I'm going back to the ship now.

Step

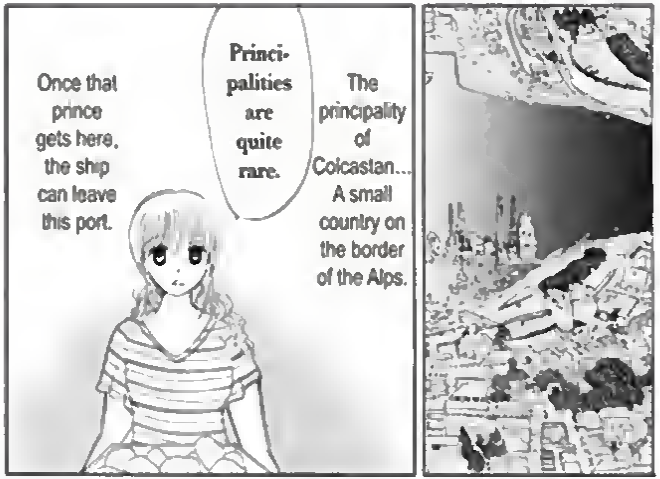
Sorry...
...



The sea makes people honest.
I can't be with him by the sea any longer.
Splash

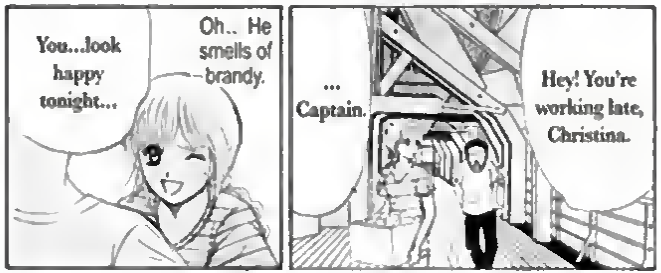
There was more trouble brewing.
I told him to move 15 minutes ago but he didn't shift his ship.
And when he finally moved it, he can't even navigate properly.
He drove it into my yacht and damaged it!
We had to keep clear of the berth for the harbor master's yacht.
But the captain didn't understand the language so ignored the command.
I'm so sorry!
There's no need for you to apologize.
Just hurry up and get out of this port.

No... If I had been here...
I understand the language so we could have moved when you asked.
If I upset you, *señorita*, the boys will never forgive me.
I'll let you guys off for your sake.
Or else you'll all be dead at sea!
And fire that idiot captain and get yourselves a new one.
I can't translate that...

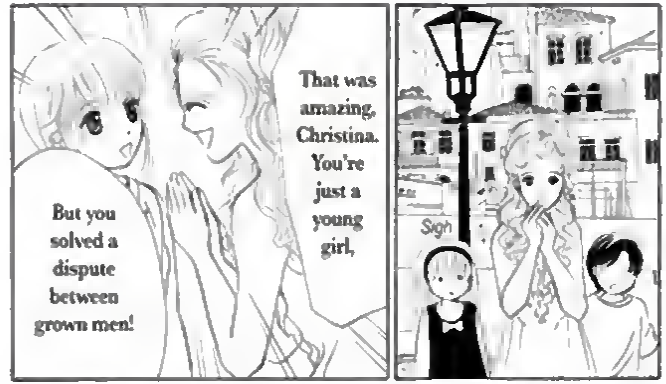


Once that prince gets here, the ship can leave this port.
Princi-palities are quite rare.
The principality of Colcastan... A small country on the border of the Alps.

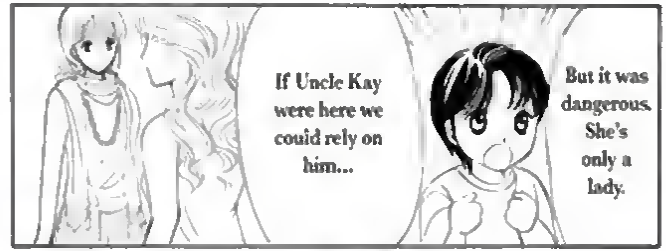
I want to leave here soon...
Luc can't follow me across the sea.



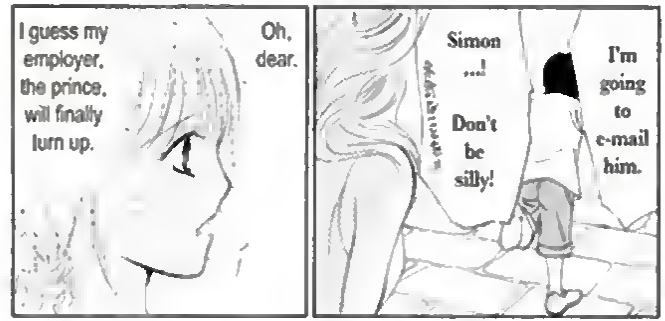
You...look happy tonight...
Oh.. He smells of brandy.
... Captain.
Hey! You're working late, Christina.



But you solved a dispute between grown men!
That was amazing, Christina. You're just a young girl,
Sigh



If Uncle Kay were here we could rely on him...
But it was dangerous. She's only a lady.

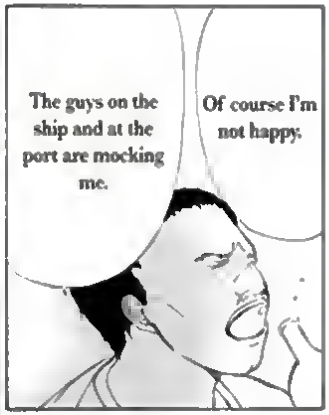


I guess my employer, the prince, will finally turn up.
Oh, dear.
Simon ...!
Don't be silly!
I'm going to e-mail him.

Come on, let's get happy together!
Wha... What are you...!
He's too strong... I can't... push him off...
No!

Someone...
Help!

Will you make me feel better?
Squeeze
Aahh!



The guys on the ship and at the port are mocking me.
Of course I'm not happy.

Christina, you're the only person who understands.
No, they aren't...

What...
happened?

Your Majesty!

Did you sneak on-board?

Why are you here, Luc?
Are you all right, Christina?

What are you talking about?
So you really are paparazzi...

You... You are...
How dare you...
Ouch ...

Uncle Kay. You're finally here!
You've grown, Simon!
Everything is clear now.
Yes...
Oh, I'm fine. I just twisted it.
Christina? Did you hurt yourself?

I got slightly carried away...
Please forgive me. I was a bit drunk and...
You're fired. Get off this ship.
I'll pay you for the remainder of the contract. You can't complain.
But...the contract is for 10 more days...

What?
Luc?

A small castle...
It was like...
Colcastan principality's villa...

Let's move to our principality's Italian villa.
It's a work-related injury.
You don't have to work anymore.
I won't be able to cook for a while.

If I have no work, I'll go back to Athens...
What are you talking about? I'm just a crew member.
You can rest there.

Can you teach us how to swim at the villa?
Yay! Is Christina coming with us?

I don't even know your real name!
It's not just that.
Are you still angry at me for not telling you who I was?
You really are stubborn.
My full name is incredibly long.
Luc, Henri and Kay are all my names.
Not just me–my sister and her children could be targets, too.
Please understand... I could be attacked by terrorists at anytime.

I can't believe Luc was the prince...
Now I know why he was so refined.
I've turned from ship crew member to being treated like a princess...
Miss Christina. Here is your tea.

If it's just a bit of fun, I wish he would stop...
Why does a prince like him keep coming to see a commoner like me?

Turn
Chris ...
Christina. How are you finding the villa?

I was just a pawn in a rich person's plan.
So it wasn't a coincidence or destiny.
Christina.
I would never sell information about any customer, no matter how much money I was paid.

If I thought about my sister and the children, a female crew member would be ideal.
I heard you were a sailor, so I asked around in order to find you.
So even if it's just a ship crew member, I need to be able to trust them.
And the way you threw money at me the first time we met!
You told Captain Costa about this job?
What? So...
You would never sell stories about my sister and her family to the paparazzi for money.
You were everything I wanted.

No!
Stop it!
Bang

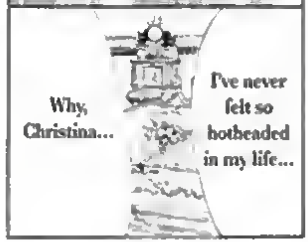
Have you put a spell on me, Christina...?
Luc...

Tried to seduce me without telling me who you were...
I am angry because... you...

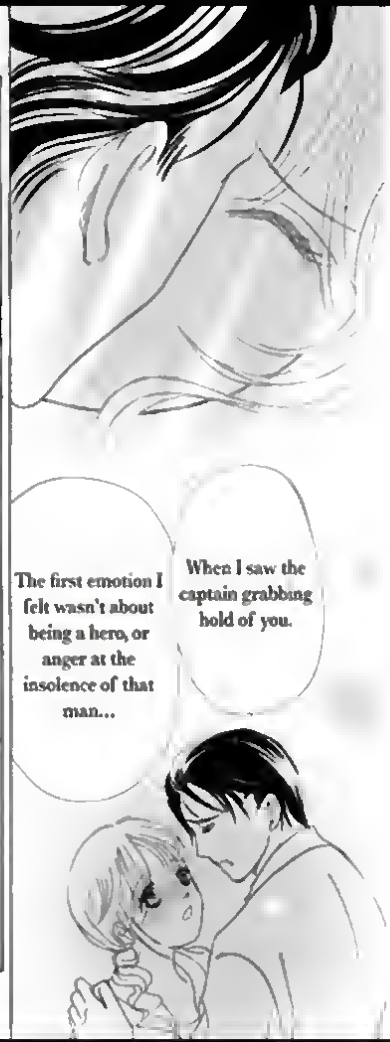
You would have made love to me there and then...
If I didn't stop you...

Christina ...
You were going to be my boyfriend? You, the prince?
And then ...what were you planning to do?

It was fierce jealousy!



Why, Christina...
I've never felt so hotheaded in my life...



The first emotion I felt wasn't about being a hero, or anger at the insolence of that man...
When I saw the captain grabbing hold of you.

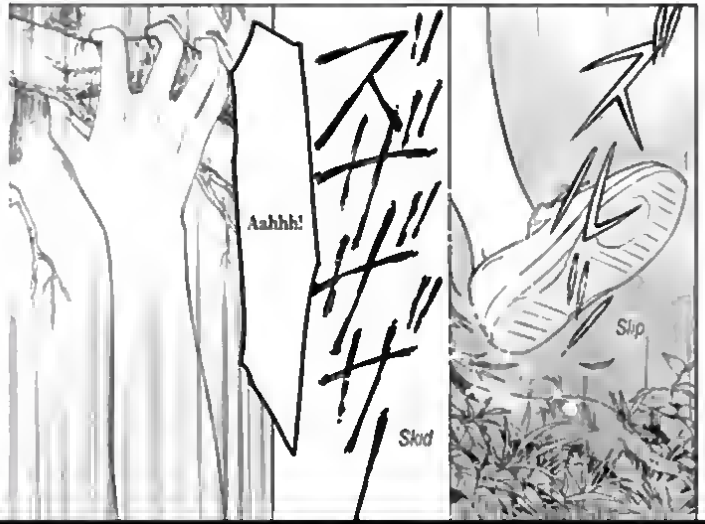
Christina, you have to come, too.
We've decided to hold a party at the villa.
I'm inviting Stuart Define. I can't wait.
Luc, Christina. There you are!
Slam
Marie Anne!
You mean... the actress Juliet Le Grand?
I'll send an invitation to Juliet Le Grand for you, Luc.

I guess it's normal for him to date countless actresses and models...
Stop talking...
Why the scary face? Have you broken up? Do you want Rina, the model, instead?
Oh, but we always invite her.
I'm... going for a walk in the gardens.
Tap
...
If I accept him he'll lose interest in an instant.
Because I act against his wishes and he finds that interesting.
Luc takes notice of me.

No! I'm running away from home.
What?
Simon, let's go back now.
It's getting dark.
Mommy should invite Daddy to the party instead of that actor so they can be friends again.
I left a letter saying...
Pour
Oh!
Simon...
So... I'm not going home until she listens to me...

Are you going for a walk? Want to come to the mountain?
...Okay.
Christina.
Tap Tap
Simon.
Having men rule my life, like my mom.
I don't want that...
Oh, no... The weather...
Thunder
We've walked for a long time.

There's a light over there!
Flash!
Christina, look!
Over here!
They must have seen your note and came to find us!
Gush
Gush
Sigh
Let's just go down the mountain. There's nowhere to take shelter here.



Aahhh!
Skid

Um... Which way did we come again?
Tap

It's the first time I came this way.
I don't know.

But we've got to go home. We'll catch a cold.
I'll have a word with the princess, too.
Okay ...

What!
We're lost!
Pour

Jump down.
I'll catch you.
Please trust me.
Christina!
Christina!
Thank God. Can you pull me up...?
Lu... Luc...
You'll fall before I get up there.
Reach

I feel so safe

Simon...
Simon, why did you do something so silly?
Wanted to see Daddy.
I'm sorry... I just...

Grab
Slip

Stable body Solid chest...
Strong arms.

He was a bit brash, but he did it all for his family.

Something terrible might have happened to Simon.
Thank you... If it wasn't for you,

Kids have so much energy!
I didn't do anything.

Wasn't thinking about how you two felt...
I'm so sorry. I...

Yes... Let's have the party all together.
Will you make up with Daddy?

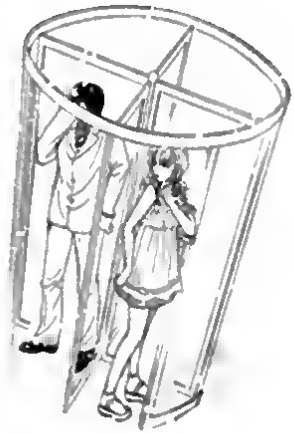
It's over the top, calling a doctor just because I sneezed.
You've been in the rain for so long. We have to take precautions.
クシュン Sneeze
Christina!

Does that mean... you're going to change your principles on dating?
Christina...
I have children one day...
I hope...
We're from two different worlds...
I can't have a family with this man...
My reflection in Luc's eyes .. This is my magic mirror
Even if it's just for one night. I want to be with him
I cannot understand why my instincts lead me to this special person... Even though she makes many mistakes and takes many risks...
Luc...
I'm going to admit my true feelings...

You're full of surprises.
No one's ever told me that before I said it to them.

I love you...

Christina...



Or was it from the moment we met?

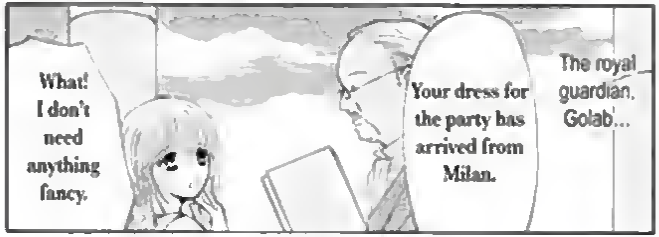
Had I loved him from that moment?

When did I fall in love? From that moment his lips touched my skin?

Or when we kissed by the sea?

You're Christina, a relaxed and beautiful woman. I'm totally into you.
But...you stopped being a little girl or a sister to me...
I wonder since when?
Perhaps it was...
I am actually the bank's top shareholder.
You reminded me of my sister, so I followed you.
Do you remember when we met for the first time at the bank?
Really?
I saw a honey-blonde girl in trouble...
I guess so.
So you tried to act like my brother and tried to lend me money.

Tap
Tap
Excuse me, Miss Christina.
Sigh



What! I don't need anything fancy.
Your dress for the party has arrived from Milan.
The royal guardian, Golab...

We've ordered it for you to show our thanks. Please enjoy the party.
No, you saved Master Simon's life, and you are our important guest.

Our destiny started revolving, too.

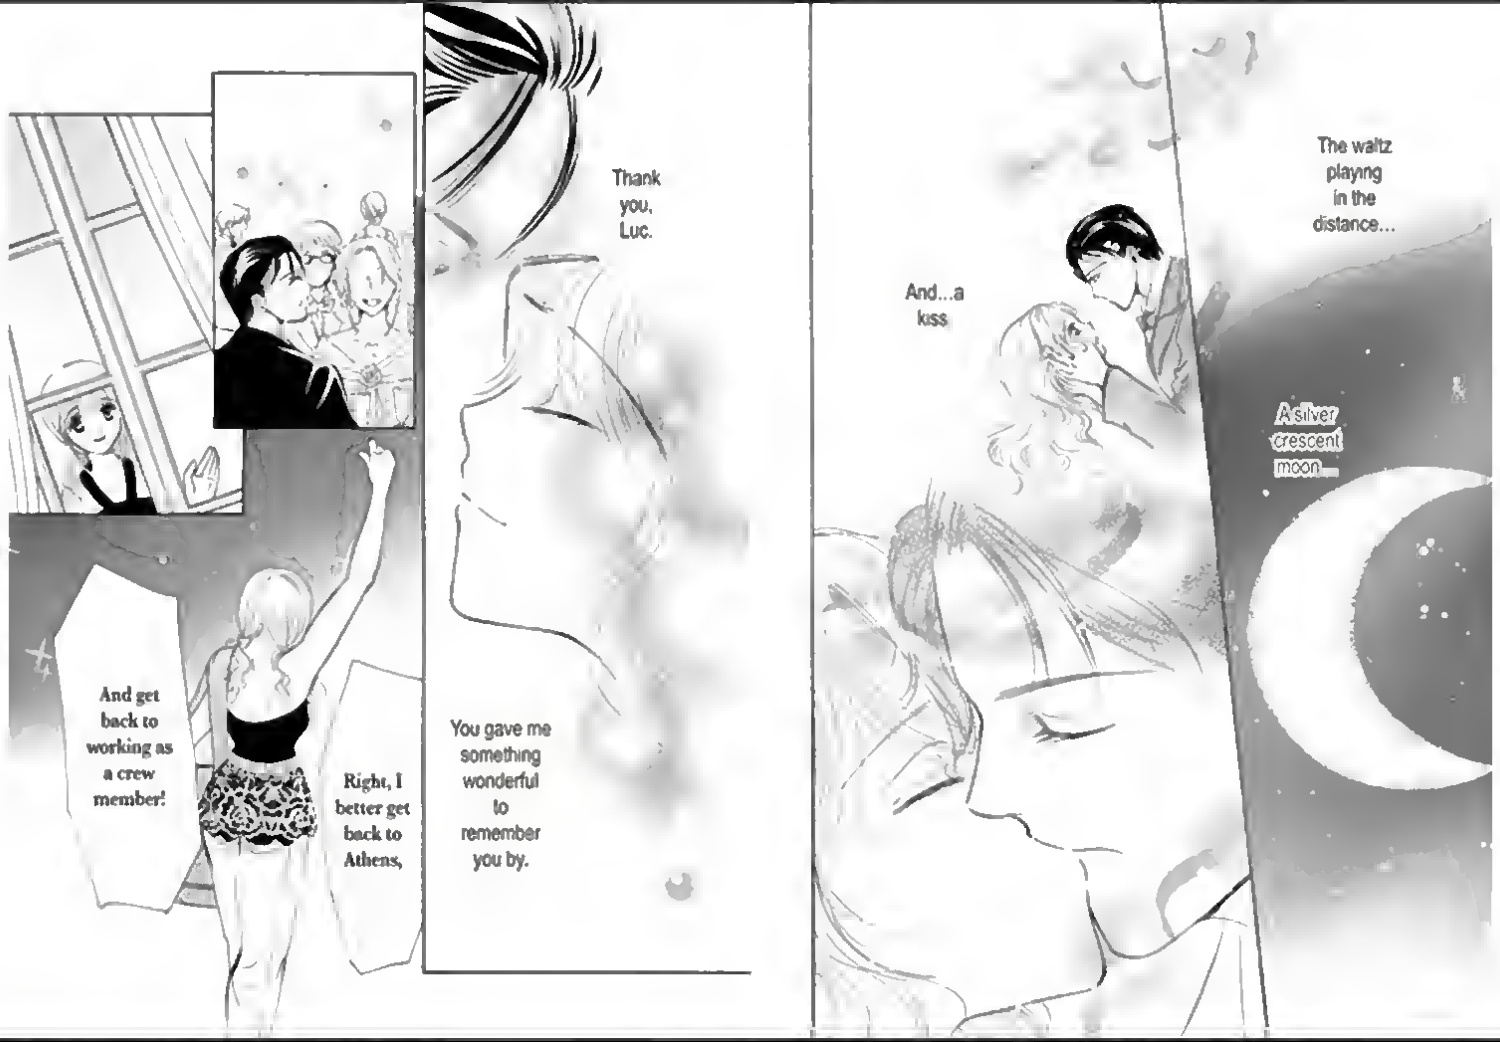
Simon! Pru!
How are you?
Daddy! I missed you.

Yes, very much!
Are you having a good time, Christina?

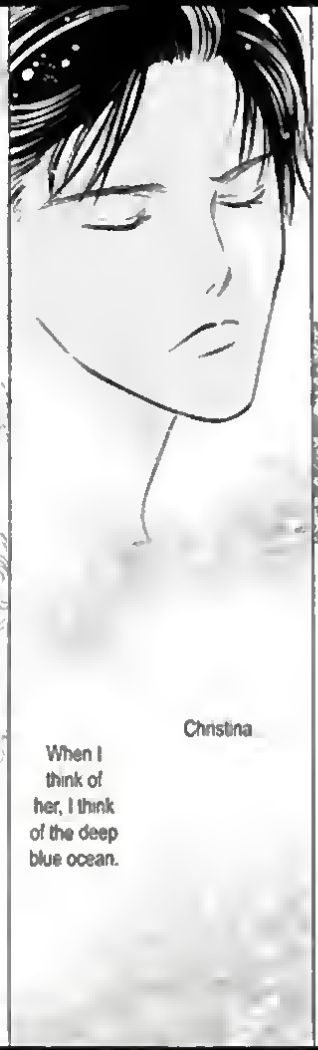


Thank you, Luc.
You gave me something wonderful to remember you by.
Right, I better get back to Athens,
And get back to working as a crew member!
And...a kiss
The waltz playing in the distance...
A silver crescent moon...

Did you say something to Christina, Golab?
I was only thinking of what's best for the family...
Your Majesty, you need to think about settling down sometime soon.
You have to stop chasing after women...
Your social statuses are too different!
I felt like I had been playing the role of prince like an actor...
Marie Anne felt a burden and resisted. sometimes she got a bit out of hand...
My status as a royal...has haunted me since birth..
...
Goodbye, Luc. This is the end... Goodbye.
What is going on, Christina!

I could see the expanding ocean beyond Christina!
The free city I had been seeking.

Why was I drawn to her so much?
I know now!



Christina
When I think of her, I think of the deep blue ocean.

For the country... For the family...
I was planning to play the part without fail for the rest of my life.

How was the job aboard the royal ship?

Captain, I'm looking forward to working with you.

Oh, hi, Captain Costa!

Has the date for the scuba-diving school been set?... Okay, see you soon!

Hey, Christina.

It was wonderful...

Even I felt like a princess...

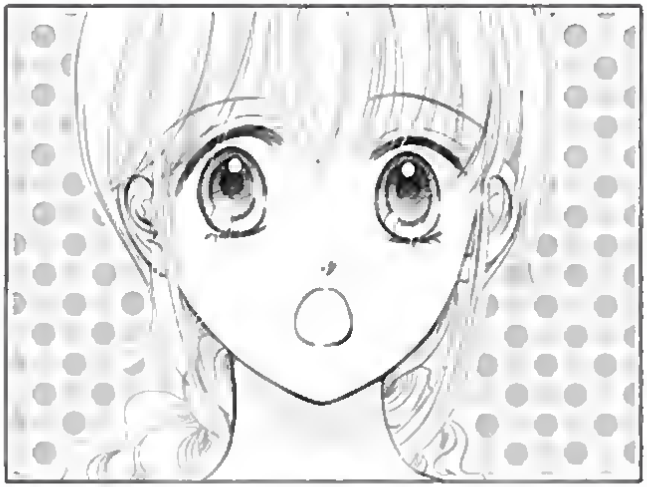
A guide for historic ruins.

Returning to Athens, I went back to looking for jobs

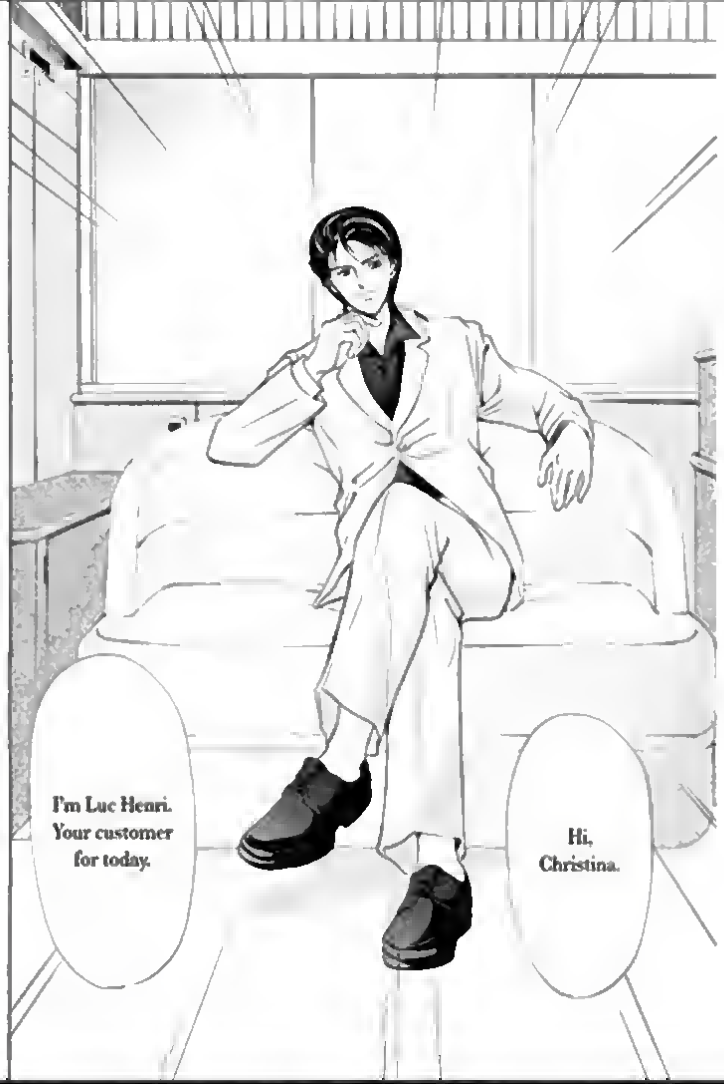
Working on cruises on the Aegean Sea

It's been rented out by one person.
There is.
There are no customers onboard.
Captain Costa.
What a waste... I mean, what a luxury!
One person?
Excuse me.
Who is he, a king or an aristocrat?

Come on, let's go to sea!
But today I am a crew member on a diving ship!
It was like a dream, but I'll never forget it.
All aboard!
Honk
Honk



I've come to take you home.
I persuaded Golab.



I'm Luc Henri. Your customer for today.
Hi, Christina.

Then you need a family.
On top of that, I'm an orphan.
It's not possible... I am a commoner...

They're all waiting for you to come back.
Simon, Pru and Marie Anne...
It wasn't just me who persuaded Golab.

Am I not enough?
Can I not be your destined partner?

The courage to love you also gave me the strength to change my life.
Marry me.
That day you turned that door,
The world that constrained me turned around, too.

It shows my true feelings.
You, with those magic-mirror eyes
Words of love.
I love you, Luc...
I love you, Christina.
And we whisper,

It's not fair.
If I see those eyes,
I can't pretend anymore!

Even beyond the horizon
With you, I can go anywhere...
Let's break the waves and move forward.
With you,
I can go to a new world.
Avoiding Mr. Right The End
